- JavaScript
- JQuery
- HTML & CSS

SUMMARY

With eight years of experience in user interaction design, I create intuitive and engaging interfaces by blending user-centric principles with technical requirements. I ensure high standards of usability and aesthetics for both open-source and proprietary systems. My passion for design and development drives me to craft effective, user-friendly solutions that meet both user needs and project goals.

EXPERIENCE

Sakshi Infotech Solutions LLP

2018 - PRESENT

Sr. Front-End Developer || Accessibility Web Developer

- Improved and expanded project platforms using JavaScript to develop rich user interfaces.
- Communicated with product managers and UX designers to translate project requirements and business objectives into polished user interfaces.
- Designed UIs within frontend web frameworks such as Bootstrap, WordPress, Google Material Design, HTML, CSS, Media Query, exploiting associated templates and tools to shorten development times.
- Employed End-to-End Software Development Life Cycle (SDLC) methodologies during multiple projects, streamlining cross-discipline development
- Accessibility Developer using as per the accessibility standards (Section 508 and WCAG 2.0 and 2.1)
